

Ms. J. Sumithra working as an Associate Professor in the Department of Electronics and Communication Engineering, RMD Engineering College, Chennai. She received her B.E degree in Electrical and Electronics Engineering from Velammal Engineering College, Chennai. She has about 21 years of teaching experience. She received her M.Tech. degree in Applied Electronics from Anna University, Chennai. She is currently pursuing Ph.D from Anna University, Chennai. She has published 7 research papers in refereed international journals and various international conferences. Her areas of research include Power system Stability, and control of electric power grids, Renewable energy systems and Microgrid. She is an active member of ISTE, ACM.

Dr. J. Jayaudhaya working as an Associate Professor in the Department of Electronics and Communication Engineering, R.M.D. Engineering College, Chennai. She has about 25 years of teaching experience. She received her B.E degree in Electrical and Electronics Engineering and M.E (Applied Electronics) and Ph.D. (Power Systems) degree from Anna University, Chennai. She has published 10 research papers in refereed international journals and various international conferences and also published patents. Her areas of research include Inverter, Optimization Techniques, Renewable Energy Systems and Microgrid. She is an active member of ISTE, IAENG and ACM.

Dr. Shrikant Burje is working as a Asso. Professor in the Department of Electronics and Telecommunication Engineering at Christian College of Engineering & Technology (CCET), Bhilai, CG, India. He is Postgraduate Master of Engineering at Shri Sant Gajanan Maharaj College of Engineering (SSGMCE), Shegaon (M.S.), India. He is awarded Ph.D from CSVU, Bhilai, CG, India. Chhattisgarh. He has been engaged in research and teaching for more than 22 years. He has presented more than 20 papers in National and International Journals and having 02 Patent. His main area of interest includes Microprocessor, Microcontroller, Embedded System, Basic Electronics, Circuit Theory and Biomedical Image Processing.

Midathada Vinay Kumar, is currently working as an Assistant Professor in the department of Electronics and Communication Engineering in Avanthi Institute of Engineering and Technology, Cherukupally (Village), Near Thagarapavalasa Bridge, Vizianagaram (Dist), Pin-531162, AP, and India. He had pursued M.Tech-Embedded Systems from VIT University, Vellore. He has worked on his Master Thesis on the topic Contoller Area Network (CAN) in India. He has two years of Industrial experience working as a test and development engineer at Ficoso engineering center, Hyderabad a Spain based Automotive Company. He has worked on Automotive Diagnostics for Volkswagon during his tenure in the Industry.
