ALUMNI TALK SERIES ON CARRER GUIDENCE

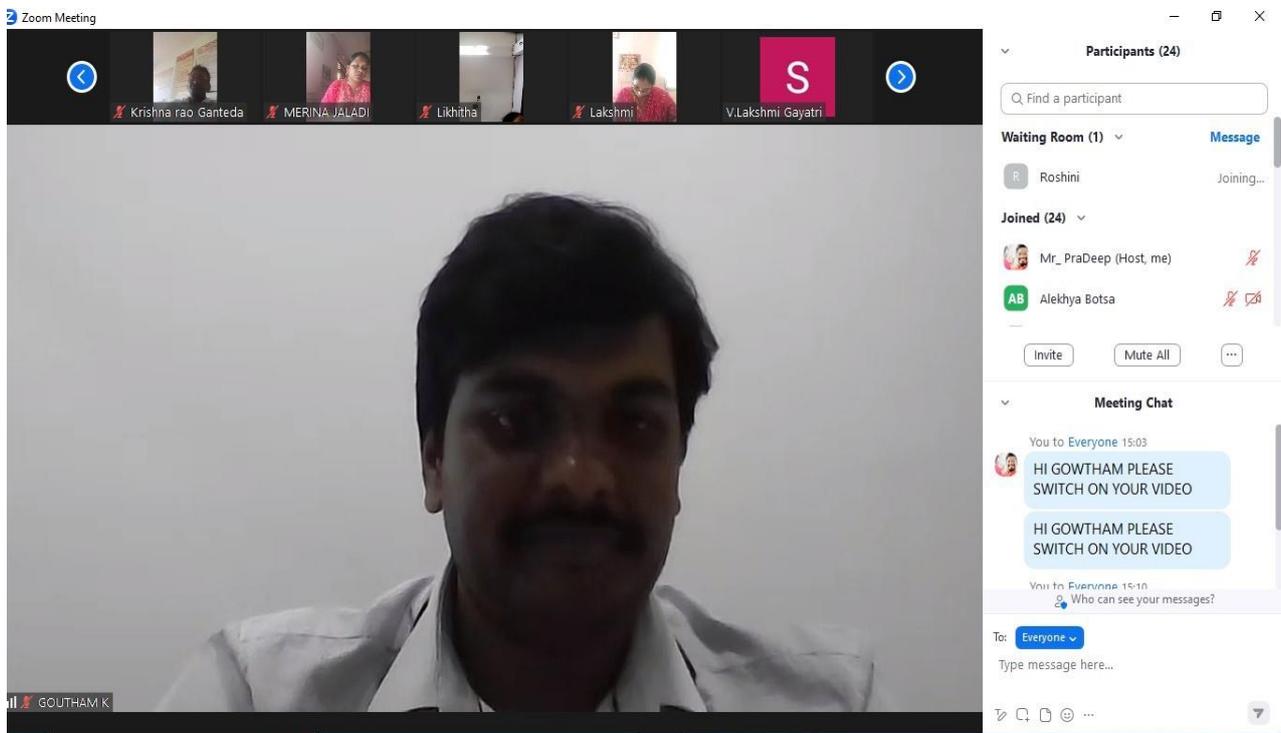

BY

Goutham kothem

Hello Dear Avanthians,

It gives me immense pleasure to share my professional journey with you. I studied B. TECH – MECH and M. TECH at Avanathi. Then I started my Career with Avanathi College as a Faculty, I was selected by the teachers on the basis of my Teaching skills. Teaching was not my dream job, and during teaching I learned many things which helped me a lot when I moved to the development. Now I am working as a Salesforce Lead Consultant with Concret.io and I love my job.

Very important: “take full advantage of the experienced teachers of Avanathi, they are damn good”. This is the time you can ask any kind of queries, after the college no one gonna solve your queries. I know it’s pretty hard to choose one from college fun life and learning, just plan both and you will rock in both ways!

VIRTUAL ALUMNI TALK SERIES BY Goutham kothem - working as a Salesforce Lead

Consultant with Concret- ATAA2019093

www.aietta.ac.in, principal@aietta.ac.in

I am grateful that I started my higher studies' journey from AVANTHI college because that was the time when I entered in my second stage of life and I must say it was my best decision of choosing Avanthi college I ever made so far.

Trust me Avanthi is not only a college where you go for couple of hours and teachers will come on interval of every half an hour or forty-five minutes and will feed you only theoretical knowledge of books. Avanthi is the best platform where teachers not only do their teaching job but also take care of their students like parents who teaches their children good values, trained them in sports and extracurricular activities and build their student's foundation very strong to achieve all Goals for the rest of your life.

VIRTUAL ALUMNI TALK SERIES IN ZOOM MEETING - ATAA Members

My juniors I advise you to

Some moments in life, sounds like a chord on mandolin and life is always full with such moments. But for us as undergraduates it was all reverse. Each moment was full of life at college campus. Each day began with a new life and ended with a new lesson. Freshers to Farewell, time just went as a dream of sweet early morning. From junior to senior and finally to alumni the 'journey' was very pleasant.

ALUMNI TALK SERIES ON Self-Awareness and Personal Development

BY

N Satyanarayana Murthy

I started my journey as an Avanathi student. 4 years of my journey at Avanathi college has played a vital role in building my career. Avanathi helped me to discover my own strengths and weaknesses. I developed self-motivation and discipline along with study techniques which I can use for the rest of my life.

The campus placement held at Avanathi was a stepping stone as I got placed in TCS and since then I am working as a Software Developer.

Being a proud Avanthian, I really hope that my juniors will take Avanathi to new heights and grow out to be the best version of themselves.

Take all the advantages and privileges which Avanathi is providing you, because once these days are gone will never come back. Sometime when I'm sitting alone and recollect my old memories, I feel so happy and relaxed that I enjoyed my Avanathi days and took most of the privileges like Extra classes, participation in Extracurricular activities etc.

I must say Avanathi is a best place "A Home away from Home" where you can have fun while learning.

I wish to express my thanks to all the faculties of Avanathi college who put their sincere efforts to build my career and special Thanks to Avinash Sir and wish **all the Best** to all Young Aryan Friends.

VIRTUAL ALUMNI TALK SERIES IN ZOOM MEETING

My juniors I advise you to

I would like to advice the juniors to make the most out of this time because after this you would be dying to meet such good souls in your life. Talk to them as much as you can, your perspective towards life will change, seek help from them to get the best advice and if you have something new to portray or discover, they will give you the platform for sure but you need to believe in yourself and come forward and they will take care of the rest.

Good Luck

ALUMNI TALK SERIES ON A WERNESS OF SOFT SKILLS

BY

Ravi Shankar Reddy

Thanks for all organizers for such a great event. I don't know all HODs and professors joined today but I remembers Dr. Avinash Ben sir. Also remember first year mechanical labs and lecturers. Thank you, Pradeep sir. We still remember your classes and labs, especially cad/cam.

Thank you so much respected members. I really feel that especially in the last 1-2 years of b. tech students should be given career guidance, what is actually working out in industry (what so ever industry one is interested in), trending technologies, provided with online ed tech platform to learn the technology that they want to be into and build up their public profile especially in LinkedIn. I would really like to emphasize on LinkedIn, because companies will get an idea about your professional profile and it will help a lot in professional career, if used in proper manner. Students needs to be guided properly based on their skills, so that they can pursue career in field that they are meant for. Sometimes, student don't just realize it even after passing out from degree. It would be great if this stuff can be taught in degree period itself, and I would love to extend my hand in contributing in this if needed.

VIRTUAL ALUMNI TALK SERIES IN ZOOM MEETING

My juniors I advise you to

Do Justice with your time when it's time to enjoy college life, live it to the fullest but when it comes to your study, devote your 100% to it.

You have to choose first horse among the: Skill, Luck and Mercy in the race of your professional life because only first one will be with you forever, but to ride this, you must acquire the ability with hard work and passion. This is the right time for you.

Feedbacks from alumni

- T Laxman We have to be more flexible in changing the courses based on current market trend specially for CSE & IT departments.
- L Bhavani Sankar Decision based on curriculum development based on future requirements. Whether its skills or demands.
Collaboration with Online Platforms which has practical labs (Motivating students to do labs-based learning)
Jobs Search and Application Process:
LinkedIn Profile / Online Social Media Jobs Application
Strategy and communication with stakeholders.
Mentorship Programs from people in the respective filed.
Maybe 20 minutes per week from people specialized in those field.
- Mohan k. Required Skill Evaluation System for Classification and Mentoring
- Jagdish I am happy to join this meeting. I was a student and pass out from 2021 electrical batch
- Prashant Hello everyone... I am Prashant (2020-2021). Hello. It's so great seeing familiar faces of our wonderful processors though only few I can recognize. Thank you for arranging the meet.
- Rajesh Hello everyone, Good Morning This is Rajesh from Mechanical batch. It is very nice to see everyone specially AMV sir and KMP sir. Thank you for arranging the such Alumni meet.
Stay Safe & Stay Happy.
