The speaker addressed the students and faculty members, started his seminar and delivered the knowledge as of the following:

According to some surveys it is estimated that 33,000 academic journals with peer review are released each year. It makes sense why selecting a magazine for your publishing is challenging. After all, you worked very hard to write the manuscript, and you want to increase the impact it has. Peers will respect your research article if it is published in a well-chosen journal, which will also strengthen your academic resume and raise the likelihood that it will be cited.

At the end, he discussed about three main points and concluded the session. They are:

1. To raise consciousness about research publications.
2. To increase people's comprehension of publications and ranking
3. To raise awareness of chances for ranking based on the speakers' research.

Finally, the session came to an end with the interactions from participants and participants were motivated towards the research and publications. The vote of thanks has been delivered by Mr. Sk. Sharief, Assistant Professor, Department of Mechanical Engineering on behalf of the institute and expressed gratitude to Dr. B. Murali Krishna for his time and efforts.

A Seminar Report on “Importance of Intellectual Property Rights”

The Department of Computer Science and Engineering, organized a seminar on “**Importance of Intellectual Property Rights**” on 10th march 2021. The faculty of Avanthi Institute of Engineering and Technology gathered in the seminar hall.

Participation of faculty in the Seminar

The speaker started session about today’s global competitive environment and Intellectual Property Rights, that how they placed itself on a pedestal in context of economic growth and becoming increasingly important. Intellectual Property (IP) is the fuel that powers the engine of prosperity, fostering invitation and innovation. The increasing significance of intangible assets in the global economy is forcing business organisations to actively manage their IP as a key driver for building, sustaining their competition and achieving superior performance.

www.aietta.ac.in, principal@aietta.ac.in

He also explained about concept, Identification and Creation, Registering IP - procedure, Patent Informatics, Commercialization and Tech Transfer Issues faced in Academic Institutions and Copyright in India.

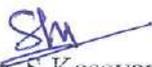

The seminar's main goal was to encourage different stakeholders to create, defend, and enforce intellectual property rights. Look into the possible competitors' current intellectual property rights. Teach their staff how to identify and defend the various kinds of IP rights, both at home and overseas. Put control processes into action. Create and maintain relationships with local authorities in each international market to guarantee that they will uphold the company's intellectual property rights.

Felicitation to the Guest

Finally, the seminar came to an end and it was a productive one as it provided lot of information about IPR which was not known to many of them including faculty and researchers. The vote of thanks has been delivered by the host, Mr. S. Kesavarao Assistant Professor, CSE, AIET on behalf of the institute & expressed the gratitude to Dr. K.V.V.V.Satyanarayana for his efforts towards Importance of Intellectual Property Rights.

Report on Online Program on "Impact of COVID-19 on Entrepreneurship"

As a part of MSME, an online program on "Impact of COVID-19 on Entrepreneurship" was organized for the students of Avanathi Institute of Engineering and Technology on 22nd July 2020 via virtual mode.

Dr G R S Murthy, Associate Professor, Dept. of Computer Science and Engineering, has started the session by welcoming the students. He explained about successful entrepreneurs to make the students understand the struggles faced by them during their entrepreneurial career in pandemic. Later the session was handed over to the speaker Mr. Srinu Appikonda, Assistant Director, MSME, Visakhapatnam.

Sample copy of student's participation in the session

He shared the stories of successful entrepreneurs to make the students understand the struggles faced by them during their entrepreneurial career. He focused on the importance of What, How and Why in business and exhorted the students to read the book titled "Start with Why" by Simon Sinek in order to improve their thinking skills. He requested the students to think about selecting the entrepreneurial career instead of seeking for jobs.

Report on AnyBody Can Do Entrepreneurship (ABCDE)

Ms. M. L. Sramika, Head of the Department, Mechanical Engineering, started the session by addressed the students and faculty members, and introduced the speaker to the audience. Session started with lighting the lamp.

Lighting the Lamp by the guest

The speaker discussed about three topics:

1. To educate students to convert theoretical ideas into entrepreneurship
2. How to present business ideas in front of investors.
3. How to create a team to start the business.

The excitement of having a winning business idea can propel you towards a dynamic launch. But hold on. According to statistics, 30% of firms fail in the first year alone, and over 50% fail within the first five years. Businesses fail for a variety of causes, but this early failure rate is typically the result of inadequate preparation. You must follow meticulous methods to guarantee that you launch from a solid platform if you want your business idea to flourish. The first thing to consider is whether your idea is really as clever and creative as you want it to be.

The speaker also discussed about 5 major points.

1. Research the market
2. Compile a financial plan
3. Position your product or service
4. Build your brand
5. Set up a legal company

Finally, the session came to an end with the interactions from participants and participants were motivated towards the start-ups. The vote of thanks has been delivered by Mr. G. Ramu, Assistant Professor of Department of Mechanical Engineering on behalf of the institute and expressed gratitude to Mr. U. Ramu for his time and efforts.

He further discussed on the importance of inculcating the culture of thinking beyond so called Out of Box thinking. He inspired and motivated students for pursuing their dream of starting their own business or start ups. He cited many examples with case studies.

He discussed on the pros and cons and risks involved in entrepreneurship. He cited a few case studies of young entrepreneur who took up their career as budding entrepreneurs. He explained the necessity of proper guidance and encouragement and support that needs to be provided for the students. All participants got benefited from the lecture and interacted with the guest to clear their doubts. The vote of thanks has been delivered by Dr. R. Swapna, Associate Professor of Department of Basic Science & Humanity on behalf of the institute and expressed gratitude to Mr. A. V. S. N. Murthy for his time and efforts.
